METAL MATERIALS

INTRODUCING OUR METAL MATERIALS

- * Monster Route metal materials are divided into two product groups by their characteristics.
- * **W-type** metals are optimized for **weather-proof** performance. W-type is best suited for flooring, siding, outdoor signboards, etc.
- * **P-type** materials are designed to be **processed**. if you intend to machine the materials, as in the case of electrical appliances or steel lockers, P-type would be your best choice.

weather, water and chemical resistant for over 3 years (outdoor)

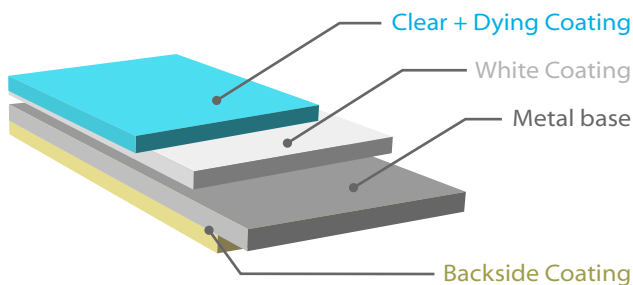

weather, water and chemical resistant for over 1-2 years (outdoor)

WHITE ALUMINUM

CHARACTERISTICS

- * Lightweight and easy to handle
- * Combination of white base and dye inks creates a beautiful bright appearance
- * Image is protected from weather, UV and dirt
- * Good for Signs and displays, Information boards, Name plates, Interiors, etc.

INFORMATION BOARD
